Price Three Cents

## TAG DAYS JUNE 30 AND JULY 1, BUY A BUTTON

### MONEY NEEDED TO CARRY OUT HOME COMING PROGRAM

YOUNG WOMEN OF THE CITY WILL  
OFFER ATTRACTIVE BUT-  
TONS FOR SALE

EVERY ONE SHOULD CONSIDER IT  
A PLEASURE, AND NOT DUTY,  
TO CONTRIBUTE

It has been said that the finest things of life can seldom be measured by a tape line or weighed by a pair of scales. This is especially true of the meaning of home. After all, home is a matter of feeling, and certain places we have lived in seem much more like home than other, especially if one's childhood or young manhood has been passed there.

#### Brainerd a Home Place

Brainerd seems essentially a home place, and those who have made it their home even for a short time feel an allegiance toward it, and always speak of it with a warm feeling. Railroad people who are transferred up and down the line, say that Brainerd seems more like home to them than any other place. And when one has been away on a visit, no matter how fine the country nor how up-to-date the cities seem, Brainerd looks mighty good.

Henry Van Dyke, the American poet, voices the peculiar feeling of home in the following lines:  
Oh, London is a man's town, there's power in the air;  
And Paris is a woman's town, with flowers in her hair;  
And it's sweet to dream in Venice, and its great to study Rome;  
But when it comes to living, there is no place like home.

There is no place like home, and Brainerd is our home, and has been the home of many who will be returning next week, and may be the home of others who will be impressed by its appearance and advantages. Therefore, it is a matter of pride and prudence that we spare no pains to have it looking its best at the rounding out of its half a hundred years as a city of homes.

#### Tag Day June 30 and July 1

It's going to take some money to accomplish all that has been planned to make the Fiftieth Anniversary and Home Coming week a memorable one, but Brainerd has never been niggardly in entertaining its guests, and an opportunity for all to share in the expenses will be furnished Tag Days, June 30 and July 1, when a group of young women will serve the city as solicitors, offering attractive buttons for sale, the proceeds to go toward the expense fund. Everyone should look on this not only as a duty, but a pleasure, and respond generously. Make a holiday out of these days, let's all see just how much cheerfulness and generosity we can radiate. Buy a button, pay a dollar and a smile, and best for Brainerd!

"Is the home coming week going to be a big one?" many ask.

Listen to this lineup:

50 big floats in line in the Fourth of July parade; a number of Indians in full regalia; "Spirit of '76"; historical pageant; speaking in Gregory Park; former service men march in uniform on the Fourth of July; baseball game; street dance; Brainerd City band; carnival band; orchestra; aviator doing 25 minutes stunt flying every day; wing walking, parachute jump; passenger flights daily; expert barbecue man at Lum park. Don't miss it.

Hundreds of old-timers are coming, 1700 with their wives and families have been invited.

Thousands of Woodmen are coming, July 7th. Many will bring their own tents.

Big railroad day on Saturday. Northern Pacific Railroad officials from St. Paul will be here.

State wide gun club meet; horse-shoe tournament; golf tournaments.

Farmers' picnic and celebration at Lum park.

3000 toy balloons, 3500 packages of crackerjack, 6100 packages of gum, 6000 ice cream cones for the children on their day, Thursday, July

## Mexican Bandits Seize Some American Oil Wells

6th; doll buggy parade; clowns; comic section in parade.

Streets, 10 blocks and water tower to be all dressed up for the week, by a decorating house of Minneapolis.

Business houses and homes decorated. Get out that flag and bunting now, requests the committee.

A regular full-sized street carnival—you know what that means. Main shows, merry-go-round, and scores of other things.

#### Preparing for Parade on 4th

Carl Wright of the parade committee of home coming anniversary announces that his committee is in possession of over 200 illustrations of floats which they will be pleased to show to merchants and others who contemplate placing floats in the parade.

The committee has rescinded its former action and will allow advertising to be carried in any position which may be chosen on the floats. The committee asks that more floats be entered. Illustrations may be seen by calling upon either C. C. Bowen or Carl Wright.

American Legion men, World War Veterans, and all who wore the uniform of Uncle Sam's army, navy or Marine corps, are urgently asked to march in the "Former Service Men's Section" in the big Fourth of July home coming parade.

There are hundreds in the county who were in service who are not only invited but urged to turn out.

There will be a Service Men's float; also a "Crack squad" and an "Awkward squad." These will require the marching of some service men. All other service men are called upon to march in a body. Get out your duds and have them ready—is the call of the committee.

#### Invitations Received

Among the letters received by the Committee on Invitations of the Fiftieth anniversary are the following:

"I have a very warm spot in my heart for Brainerd, so was very much pleased to get the invitation to your fiftieth anniversary celebration and would like to attend if I could get away.

We are very busy here this year for which we are all duly thankful. Practically all mines on Gogebic are increasing forces and production.

I suppose John Woodhead and Henry I. Cohen are handing out their usual line of fish stories about this time of year.

Your very truly,

W. L. TAYLOR

Mr. Taylor is the superintendent of the Plymouth Mining Co. at Verona, Michigan.

L. D. Beach of Northome, Minnesota, writes:

"Gentlemen I thank you very much for your invitation and unless I am under the doctor's care will be in Brainerd, July 6th. Of course I will have to bring my wife along.

I remain,

Yours respectfully,

L. D. BEACH

Dr. W. L. LaJoie, Licensed Chiropractor, 305 8 Rookery Bldg., Spokane, writes:

"Henry I. Cohen: Dear Sir: Your invitation to the 50th anniversary to be celebrated from July 3rd to 9th received yesterday through Dr. A. M. Johnson of Seattle and am writing to let you know that my self and wife will be there and look forward to visiting Brainerd again with much pleasure.

We expect to leave here June 30th arriving in Brainerd July 2nd at 5:05 a. m.

Yours very truly,

W. L. LAJOIE

Howard W. Isham of the Alpine Lumber Company of Los Angeles, California, writes:

"Gentlemen: I received this day your invitation to be present at your fiftieth anniversary in July.

I regret very much that it would be impossible for me to be there, as pressure of business will keep me in the West all summer.

I have very pleasant memories of my ten years residence in Brainerd,

### CHARGED WITH SMUG- GLING \$17,000 NECK- LACE INTO COUNTRY

MRS. LAURA KACHELMACHER,  
WEALTHY SOCIETY WOMAN IN  
FARGO, SO ACCUSED

FARGO REPORT STATES NECK-  
LACE IS SAFELY LOCKED IN  
A FARGO BANK VAULT

(By United Press.)  
Chicago, June 27.—Mrs. Laura Kachelmacher, a wealthy society woman of Fargo, was accused by U. S. treasury department officials here of smuggling a \$17,000 necklace into this country.

The necklace, according to authorities, has been seized and charges have been placed against Mrs. Kachelmacher.

The woman is the wife of Dr. Kachelmacher who committed suicide in a hotel here two years ago. She is the mother of two children.

After the husband's death she spent several months in Europe. The discovery of the smuggled necklace was traced through a Paris jeweler said to have sold the chain to the woman. Special Agent Saltee of the St. Paul division of the U. S. treasury department passed through here to testify against the woman in Newark, N. J., where it is believed Mrs. Kachelmacher will be taken to face the charges.

#### Claimed Jewelry Is in Fargo

Fargo, June 27.—The \$17,000 necklace which Mrs. Laura Kachelmacher of Fargo is accused of smuggling into this country from France, is reliably reported safely locked in a Fargo bank vault.

Mrs. Kachelmacher was taken into custody at Chicago by federal agents. Treasury officials in every large city are said to have been searching for the necklace, a string of pearls brought to this country by a circuitous route.

They charge that the necklace has been taken from city to city in an effort to conceal it.

### BELIEVED WIFE DIED OF ARSENIC POISONING

Bismarck, N. D., June 27.—Kizimar Schneider, 38, laborer, is held by police in connection with the death of his wife Amelia by arsenic poisoning.

An analysis of the stomach at the University of North Dakota disclosed enough arsenic to cause death. She was insured for \$2,000.

Schneider's first wife had been dead only a few months when he married the woman now dead.

### CAPPER-TINCHER BILL IS PASSED BY HOUSE

Washington, June 27.—The house today passed and sent to the senate the Capper-Tinchin bill providing strict governmental regulation of the Chicago board of trade and other big grain exchanges which dealt in grain futures.

and know I would enjoy immensely renewing old friendships there.

There are several old Brainerd people in business here that I see every few days. Ray Bean is a dentist here who does my work. Tom V. Grant is running a fur store on Seventh street. F. X. Addleman ran a collection agency for a long while which he has discontinued, but he is still a resident.

Of course, I frequently see visitors from your city. I met Al Mattis on the street the other day; also E. B. McCullough last winter—both from the old saw mill. Mrs. Yager was entertained by my sister a few weeks ago, so that every month or two, at least, I am reminded of Brainerd.

With very best wishes for the success of your celebration, I remain,

Very cordially yours,

HOWARD W. ISHAM

### FORD TO BUILD UNIT BETWEEN THE TWIN CITIES

DECISION REACHED BY MOTOR  
MAGNATE AFTER CONFERENCE  
WITH L. H. BRITTON

AUTOMOBILES AND TRACTORS TO  
BE MADE AT THE PROPOSED  
NEW PLANT

(By United Press.)  
Dearborn, Mich., June 27.—Henry Ford will build a large unit to cost several million dollars as part of the Ford factories near the high dam between Minneapolis and St. Paul.

The decision was reached by the motor magnate after a conference with a delegation from the Twin Cities, according to L. H. Britton, heading the Minnesota representatives. Britton told the United Press that they had come here to offer Mr. Ford the water power now flowing over the dam providing Ford in return would build a large plant employing 4,000 or 5,000 men.

The automobile king agreed to this, Britton said, and informed the delegation that tractors and automobiles would be made in the plant.

Britton said the next job before the delegation was to have congress give the Twin Cities the power facilities of the high dam. These in turn would be presented to Henry Ford, he said.

### UNITED PRESS GETS VIEWS PRO & CON McCUMBER TARIFF

SENATOR JAMES E. WATSON SAYS  
IT'S DESIGNED TO PROTECT  
AMERICAN LABOR

SENATOR WELSH, DEMOCRATIC  
OPPONENT, SAYS IT'S MADE TO  
INCREASE PRICES

(By United Press.)  
Washington, June 27.—The McCumber tariff is designed to protect American labor against lowering of wage scales—this is the contention of republican senate leaders.

It will do nothing but increase prices—this is the claim of the democratic opponents.

The United Press obtained today two comparative outlines of the views of the opposing parties in exclusive signed articles by their respective leaders.

1 By Senator James E. Watson, republican, advocate of the McCumber tariff.

The whole question of the tariff is one of wages. If workmen engaged in any industry in our country are willing to take the same rate of wages as the workmen engaged in the same industry in any other country, we can adjust ourselves to the new conditions, and proceed to business. Capital requires no protection save to enable it to pay American wages, for capital is never weak; but the man who has nothing to sell but his brawn and his muscle is entitled to the best market in the world in which to sell them, and is entitled to the best wages in the world for them. American wages are the highest in the world because they have been systematically built up over a course of years, by the operation of the protective tariff system, and they can be maintained only by a continuation of that system.

2. By Senator David I. Welsh, democratic opponent to the tariff.

The purpose in the levy of a protective tariff duty is to increase prices.

The pending bill is an abandonment of all previous republican theories of protection. The appetite for big profits and high prices which was cultivated during the war and which met with a temporary set back during the recent tariff, must be satisfied.

The result is that congress has been besieged with requests for high protective duties in order that war prices may be obtained and profits continue.

To these demands congress has surrendered.

A special raid has been made by protectionists in the pending bill on food stuffs. They insist that what we must eat if we are to live shall be given higher duties, which means, of course, higher prices and more profits for the food producer.

### COAL MINERS' STRIKE MAY BE SETTLED

Washington, June 27.—Strong intimation that a conference of coal operators and miners to settle the long continued mine strike will be called by President Harding was given officially at the White House today.

It was stated that the administration is still endeavoring by persuasion and other like means to bring about the termination of the walk-out. Forceable measures will be considered only when the public safety is menaced, it was made plain.

#### Two Strike Breakers Injured

Bridgeport, Ohio, June 27.—John Majors was killed, and his nephew, Clyde, was injured today when they were en route to the Catharine Coal company's mine, near here, where they were working as strike breakers. Eleven shots were fired at the machine in which the two men were riding.

### MEREDITH SAYS ODDS SEEM AGAINST SENATOR McCUMBER

ST. PAUL MANAGER OF UNITED  
PRESS TAKES LAST MINUTE  
SURVEY OF NORTH DAKOTA

NONPARTISANS ARE PREDICTING  
A LANDSLIDE FOR FORMER  
GOVERNOR FRAZIER

By D. D. MEREDITH  
Fargo, N. D., June 27.—Most of the odds are against Senator Porter J. McCumber in tomorrow's republican primaries.

Even some of his friends who are pretty well informed believe McCumber is beaten.

As yet, his staunchest supporters cannot conceive the possibility of his defeat after 24 years in Washington. Nonpartisans are predicting a landslide for former Governor Lynn J. Frazier. They consider a majority of 20,000 would be a landslide and that is the minimum estimate of the Frazier plurality.

In the gubernatorial contest, independents are predicting renomination of Governor R. A. Nestos by from 5,000 to 15,000. The nonpartisans believe D. F. Baker, of Glenburn, will win the nomination by 10,000 or better.

Senator McCumber is troubled with factional strife—a third man in the race—a contest in the democratic primaries which is robbing the I. V. A. of a lot of normal democratic primary supporters. His failure to receive the I. V. A. convention endorsement at Jamestown and the fact that he is the only man campaigning for office in the state and the only man able to get on the job in person.

"We are not trying to predict any majority, but I am confident of success," said his manager, R. J. Hughes.

Former Governor Frazier is advised of only two real important setbacks—his recall last November and the embarrassment resulting, and the fact that many thousands of nonpartisan league voters have moved out of western North Dakota in the last two years after five successive crop failures.

It is generally believed, however, that Senator McCumber will need at least 15,000 former nonpartisan votes to get the nomination. His chances to secure that are doubtful. McCumber's colleagues in Washington have rushed to his aid at the last moment. The national administration is understood to view with alarm the possibility of McCumber's defeat. It would be even more serious than the defeat in Iowa, Indiana and Pennsylvania, where the G. O. P. banners were tattered.

There is little question but that Congressmen Young and Burness, in the first and second districts, will be nominated and in all probability re-elected, also Congressman Sinclair, nonpartisan, will very likely be re-nominated and re-elected in the third district.

H. L. Stegner, Bismarck, third man in the race for the republican nomination for governor, is not expected to cut much figure in the Nestos-Baker fight.

### LLOYD GEORGE FAVORS GERMANY IN LEAGUE

London, June 27.—Asked by Lord Robert Cecil in the house of commons late today whether he could state the government's attitude on admission of Germany to membership in the league of nations, Prime Minister Lloyd George replied that Great Britain would be willing to support a proposal for Germany's admission.

In answer to Lord Robert's question, the prime minister said:

"It is not a question which concerns Great Britain alone; it primarily concerns Germany herself. So far as His Majesty's government is concerned, we would support a proposal to admit Germany to the league."

### HOLD GUARD OVER AMERICANS AND DEMAND RANSOM

REBEL GENERAL GOROZADE WITH  
FORCE OF 240 AT CORTES  
OIL COMPANY

RANSOM OF \$5,000 TO BE PAID TO  
SECURE RELEASE OF A.  
BRUCE BIELASKI

(By United Press.)  
Washington, June 27.—Mexican bandits have seized the property of the Cortes Oil company, an American concern, near Tampico, and are holding guard over American citizens and a quarter of a million dollars worth of property against demand for the payment of ransom of 15,000 pesos within 48 hours, state department officials were informed today by Consul Shaw at Tampico.

The Aguide camp of the Cortes Oil company was seized by the rebel General Gorozaide, Shaw advised the department. A force of 240 heavily armed men have been placed on guard over the camp and the 40 Americans employed there by the company.

#### \$5,000 Ransom to Be Paid

Washington, June 27.—Mrs. Ruth B. Shipley today notified the state department that \$5,000 in ransom money was on the way to Mexico for the release of her brother, A. Bruce Bielaski, captured by Mexican bandits.

Mrs. Shipley said she had been advised by her brother's New York employers that the money had been dispatched to Mexico City. Mrs. Shipley is employed in the shipping department.

#### 40 Americans Held for Ransom

Washington, June 27.—Forty Americans are being held for ransom by Mexican bandits near Tampico, according to advices to the state department today.

Secretary Hughes immediately made a demand upon the Mexican government that it act at once to suppress the bandits, release the American prisoners and re-capture the property of the Cortes Oil company seized by the outlaws.

Word of the capture of the Aguade camp with its 40 American workers, was sent by Consul Shaw, of Tampico, dated June 26, indicating that the capture took place on Sunday.

Officials believe Shaw's message was held up by the Mexican censor. The 48 hours expire today, it was indicated.

Immediately after receiving the news of the second capture of Americans within four days, Hughes dispatched identical notes to George Sumnerlin, American charge at Mexico City, and Shaw, directing them to make demands on the Mexican government for the instant release of the Americans and "punishment of the perpetrators of the outrage."

### BOY RESCUES 2, THEN IS ELECTROCUTED

Mankato, June 27.—Ray Enz, age 14, son of Mr. and Mrs. Charles Enz of this city, was electrocuted while climbing out of the Blue Earth river onto a pontoon bridge. The boy came in contact with a live wire and fell into the river, but his body was immediately recovered. The night before he had helped rescue two young ladies from drowning at the spot where he met his death.

### AIRPLANE HITS AUTO; FLIER FAILS TO STOP

Los Angeles, June 27.—Collision between an airplane and an automobile was reported to officials. The plane damaged the car slightly and caused the autoist to suffer from shock. The aviator flew away.

## THE WEATHER

For-cast for next 24 hours:  
Minnesota—Fair tonight Wednesday probably increased cloudiness. Not much change in temperature.

Terms cash or bankable paper on articles over \$25.00.

Forest Ranger John H. Nelson reports that the state forestry department has purchased a gasoline speeder which will be used on the railroads in the district. Arrangements have been made with the railroads whereby the speeder may be used on their lines for the purpose of covering the section of which Mr. Nelson has

charge. Inspector William M. Byrne of St. Paul is with Mr. Nelson today and together they are using the new speeder on a trip to Moose lake and other points.

## THOMAS E. SMITH FUNERAL

Body Lay in State at Masonic Hall. Services Held on Tuesday Afternoon

A large attendance of members of Aurora lodge, No. 100, of the Masonic order, with friends and relatives was present at the funeral services of Thomas E. Smith who died at an old soldiers' home near Minneapolis late last week. The body of the deceased was lying in state in Masonic hall from early Tuesday morning until the time of the funeral exercises at 2:30 o'clock. The Masonic burial service was followed, with Rev. S. M. Kelly, chaplain of Aurora lodge in the chaplain's station.

After the exercises at the cemetery had been concluded, J. A. Wilson, adjutant of Pap Thomas Post of the Grand Army of the Republic, placed at the head of the grave a standard bearing a bronze star with flag. On the front of the star are the letters, G. A. R. and on the reverse side, T. E. Smith, 26th N. Y. cavalry, in raised letters.

W. B. A. of Maccabees  
The W. B. A. of the Maccabees will meet Wednesday evening. District Deputy, Miss Lulu Zolkman of Minneapolis will be present at this meeting.

"No use getting excited—the floor is Valsparred"

ORDINARY varnish would have been ruined. But, luckily, the floor was Valsparred.

Soaked for hours with puddles of hot water, it emerged absolutely undamaged—never a dull streak, never a splotch of white. For Valspar is absolutely waterproof.

There are any number of places throughout the house that need just such a varnish—a varnish that is accident-proof, that will not mar or turn white under any conditions.

Fruit acids, greases and oils, hot, soapy water have no effect upon Valspar.

No matter what it is, from the drain-board in the kitchen to the front door—anything that's worth varnishing is worth Valsparing.

Easy to apply and dries hard over night.

Alderman-Maghan Co.

## A New Dress for the Home Coming

You will want something new to wear next week. Be sure and visit our dress goods department. One of the outstanding features of the styles this season is the tremendous popularity of check and plaid effects in Tissues and Gingham.

To meet the demand for something different in Tissues and Gingham we are offering some unusual creations in textile weaving. These fabrics are all reasonably priced.

Let us show them to you.

## Young Men and Capital

Seasoned business men know their need for bank service. The young man starting in business may not realize this need so thoroughly, but as his banking dealings increase his appreciation grows.

Ambition and ability often appear more promising to us than large capital. So we value highly the accounts of these leaders of the future.

## BRAINERD SHUT OUT BEMIDJI NINE SUNDAY

Bemidji Played a Ragged Game at Times, Says Bemidji Daily Pioneer in Its Review

### BRAINERD HAS A STRONG TEAM

Soderlund of Brainerd Pitched Wonderful Ball, Allowing but Two Hits in the Game

In its review of the shut out game which Brainerd scored over Bemidji Sunday at Bemidji, the "Bemidji Daily Pioneer" says:

Brainerd shut out Bemidji Sunday in a game which proved to be all Brainerd's, the down-staters winning by a score of 8 to 0. Bemidji played a ragged game at times, this being largely responsible for the scoring. Several substitutions crippled the Bemidji team, a number of the regular players being absent.

Camp ably held the mound for Bemidji, at times playing the bulk of the game himself. He worked himself out of a number of difficult situations into which errors had put him, the infield being largely responsible for a number of the errors.

Brainerd gave a good demonstration of the game of baseball, showing that city possesses a strong aggregation. Soderlund pitched an excellent game for the down-staters, with Carson behind the bat.

Brainerd got the victory, said local fans, through the aid of its star pitcher, Soderlund, who allowed but two hits, fanned 9 and walking one. The team played gilt edge ball and supported the pitcher all through the game and were able to hit when an offensive was called for.

Bemidji played ragged ball and was up in the air all during the contest. The attendance was large and the fans an opportunity to see Soderlund.

The score by innings:

	r	h	e
Brainerd	224	000	000—8 11 1
Bemidji	000	000	000—0 2 7

X—batted for Walker in the eighth inning.

Summary—Two base hits Camp, Emerson and Roderick. Hit by pitcher Roderick. Struck out by Soderlund 9, Camp 12. Bases off balls Camp 2, Soderlund 1. Umpire Olweine. Time of game one hour, 55 minutes.

### Brainerd's First Game at Home

Brainerd plays its opening game at home next Sunday, July 2, at the Koering grounds and it will afford the fans an opportunity to see Soderlund, Brainerd's premier pitcher, perform. A good turnout is expected. All the boys need is a little support.

Brainerd has a strictly home talent team and if the fans do not support them they will have to play all of their games away from home for the balance of the season. So come out and boost for the Brainerd team.

### Quickly Gone.

### NEW HOMES FOR BRAINERD

Brainerd Building and Loan Association Finances Three New Houses in City

Nearly everything has been sidetracked for the Fifth Anniversary Home Coming Celebration, but the Brainerd Building and Loan Association, while making no spectacular growth, is quietly advancing.

At the last meeting of the directors, loans on homes, aggregating \$5,900 were made. The amount of paid up stock subscribed for and paid for this far, is most encouraging. W. H. Nelson, former secretary of the Water and Light Board, has been elected permanent secretary and the association is to be congratulated in being able to secure a man of Mr. Nelson's qualifications for this important office. Men familiar with the conditions in Brainerd, are predicting that within five years the Building and Loan Association will be one of the big organizations of the state.

### TWO BALL GAMES SUNDAY

S. Roberts North of Track Team and Victor Bushway's Team are Winners

West Brainerd witnessed two ball games on Sunday afternoon, June 24. In the first game S. Roberts—North of the track team opposed the South Sixth street team. This was a very interesting game. The game started at about 2 o'clock and lasted until 3:18 o'clock. The South Sixth street team is composed of good players who put up a strong game but were defeated by S. Roberts' team by a score of 5 to 4.

Score by innings:

	r	h	e
S. Roberts' team	100	201	100—5
So. Sixth St.	210	010	000—4

Batteries: Peterson and Paul Gilmore; N. Molstad and J. Karlson.

In the second game Victor Bushway's team opposed the South Long lake team. The visiting team was short several players and after others had been deputized to take their place the game went on. Peterson who had just pitched a nine inning game took the mound for the South Long lake team and held Victor's nine down to two tallies for the first six innings when he began to slow up.

Score by innings:

	r	h	e
Victor Bushway's	001	100	360—11
South Long Lake	000	050	202—9

Batteries: Wilcox and Budd Thompson; Peterson and Wheeler.

### Luther League Social

Ice cream, coffee and cake social will be given by the Luther League at the parlors of the Norwegian-Danish Lutheran church, corner of Oak St. and Bluff Ave. South on Wednesday evening June 28th at 7:30 o'clock.

### Poor Location for Town.

Betra, in Portuguese West Africa, is built on sand so deep that horses cannot travel on it. Merchandise and passengers are carried in trolleys running on rails and pushed by natives.

### Food for the Shipwrecked.

On lonely little islands scattered over seven seas Great Britain has placed stores of food and other necessities for shipwrecked crews who might be washed ashore. Altogether, 24 islands have these stores of food. Three are established on the most remote corners of Iceland, while the others are all on smallest of numerous islands dotted about the South Pacific and Indian oceans.

### Bank No. 1062

Amendment to Certificate of Incorporation of the Jenkins State Bank

At a meeting of the stockholders of the above named bank, held at the banking house on the 5th day of June A. D. 1922, the following resolution was offered and adopted by a majority vote of its capital stock:

Resolved: That section Four of the Certificate of Incorporation of this bank be amended to read as follows: Section 4. "The government of this corporation and the management of its affairs shall be vested in a board of five directors who shall be elected at the regular annual meeting of the stockholders to be held on the Wednesday succeeding the first Monday in January of each year between the hours of 10:00 a. m. and 2:00 p. m. of said day."

We hereby certify that the foregoing resolution was duly adopted by a majority vote of the Capital Stock, at a meeting duly called for that purpose and held at the banking house in Jenkins, Minnesota on the 5th day of June A. D. 1922.

(Corporate Seal)

FRED KEMPER, President  
C. S. RANDALL, Cashier

State of Minnesota, County of Crow Wing, ss.

On this 12th day of June, 1922, before me appeared Fred Kemper and C. S. Randall, to me personally known, who being by me duly sworn did say that they are respectively the president and cashier of Jenkins State Bank, that the seal affixed to the foregoing instrument is the corporate seal of said corporation, that said instrument was executed by them as their free act and deed.

MARGARET KEMPER, Notary Public, Crow Wing Co., Minn.  
My commission expires March 10th, 1929.

State of Minnesota, Office of Superintendent of Banks, St. Paul, June 14th, 1922.

This is to certify that the action of the stockholders of the Jenkins State Bank in adopting the foregoing amendment to the Certificate of Incorporation, has been approved by me.

R. R. RATHBUN, Superintendent of Banks

(Seal)

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 14th day of June A. D. 1922, at 2 o'clock P. M., and was duly recorded in Book C of State Bank Records, on page 128.

MIKE HOLM, Secretary of State

Office of Register of Deeds, County of Crow Wing, Minn.

I hereby certify that the within instrument was filed in this office for record on the 17th day of June A. D. 1922, at 9 o'clock A. M., and was duly recorded in Book "Q" of Misc. page 363.

A. G. TROMMALD, Register of Deeds

By E. W. Jenkins, Deputy, Jenkin State Bank. 2012

### Willer-Myhra

At the residence of Mr. and Mrs. Norman Brekke, 3008 Fremont avenue So., Minneapolis, on Saturday evening at 8:30 o'clock, Ruth Elizabeth Willer, of Brainerd, became the bride of Edward Myhra, of this city. Julia Gertrude Ericsson attended the bride, and Hjalmar Ericsson was best man. The ceremony was witnessed by immediate relatives only. The marriage lines were read by the Rev. Charles Fox Davis. A buffet luncheon followed the ceremony.

After a short trip to Iowa, Mr. and Mrs. Myhra will return to Brainerd and make their home here.

### Time to Do Something.

Four-year-old Bobby was stroking his cat before the fireplace in perfect content. The cat, almost happy, began to purr loudly. Bobby gazed at her askance for awhile, then suddenly seized her by the tail and dragged her roughly away from the hearth. His mother interposed: "You must not hurt your kitty, Bobby." "I'm not," said Bobby, protesting, "but I've got to get her from the fire. She's beginning to boil."—The Argonaut.

### Fighting Weeds.

In sections of the Northwest the fruit growers cover the fields with roofing paper, cutting out round holes for the melon hills. It has been found that by this practice all weeds are smothered and there is a big saving in labor for cultivation and irrigation.

## A SATURNALIA OF PROFITEERING

THE importers who are making a desperate fight on the Republican tariff bill, having a vast publicity fund at their command for propaganda in the United States in favor of free trade, have now invaded the "movies" and the Pathe Weekly, said to be controlled by William Randolph Hearst. A series of pictures is being run calculated to throw a chill into the public because of the awful iniquities of the protective tariff.

The cost of this form of publicity is of course enormous, and added to it are the tons of printed material being sent broadcast to defeat the bill. Metropolitan papers, it is declared, have been told that unless they come out in opposition to the pending tariff bill they will lose the advertisements of the importing houses, which make up the bulk, in many instances, of their income. This may, perhaps, account for the wabbling attitude of the St. Paul Pioneer Press upon tariff duties.

It has been shown in discussions in the Senate, by official figures, that these importers have been making from 275 to 2,300 per cent on a long list of imports which were cited. The information as to the foreign cost of these articles was procured through the customs branch of the Treasury department. These same articles were then traced to the great department stores of the importers, purchased, and receipts taken for the purchase price. Every article thus purchased was then examined and identified by the customs appraisers, and the fact was firmly established that the importers are making piratical profits from the people. There were hundreds of articles of everyday use, imported from abroad, in the lists cited, which show similar profits.

As a matter of fact, under the present Democratic low duty rates the public not only is not getting the advantage of lower prices, as was repeatedly promised by the champions of that law, but the public is being trimmed to the limit whilst American manufacturers and workmen are made to suffer the consequences of foreign competition. It is a saturnalia of profiteering without parallel, to perpetuate which the importers are pouring out money without stint.

The affront of these importers in accusing the Republicans of planning to increase prices by means of the tariff is astonishing to behold. Take one item referred to in the Senate, a curling iron, for example. This was imported for nine and six-tenths cents and sold for \$1.39, or a spread of 1348 per cent by way of profit. The proposed Republican rate on that article is 40 per cent ad valorem, which would still leave a profit to the importer of 1308 per cent. But in their anti-tariff publicity campaign the importers mention the 40 per cent duty and keep silent on their 1348 per cent profit. The same is true with respect to every article which they import and sell here.

## FEDERAL AID FOR ROADS

THE action of the House and Senate in voting last week to authorize appropriations of \$50,000,000, \$65,000,000 and \$75,000,000, respectively, for Federal aid in the construction of highways for the fiscal years of 1922, 1924 and 1925, carries with it definite authority to the Secretary of Agriculture to enter into contractual relations with state highway commissioners for road construction. Further sums of \$6,500,000 were voted for each of the fiscal years 1924 and 1925 for forest road construction, the funds for this work for 1923 having been cared for in earlier legislation.

The appropriations will be made under the provisions of the Federal aid act of 1916, as amended in 1919 and 1921, which means that the expenditures must be made on those highways comprising the 7 per cent system of main roads. The states are required to maintain the highways once built.

The most important change in the organic act is an amendment which limits Federal aid participation to \$16,250 per mile for 1923 and to \$15,000 per mile thereafter. This contrasts with the \$20,000 per mile maximum of 1919 and the \$10,000 limit of 1916.

Since the passage of the Federal aid act of 1916 the government has appropriated or authorized a total road fund of \$587,000,000. Figures of the Bureau of Public Roads show that construction has been proceeding for the last three years at the rate of approximately \$80,000,000 annually in Federal funds, and as state organizations have now become well stabilized, it is anticipated that this rate will be exceeded in 1923 and succeeding years.

## CLOSING THE FISCAL YEAR

FIGURES issued by the Treasury department show that fifteen days from the end of the fiscal year, ordinary expenditures of the government had been \$3,177,000,000 as compared with \$4,804,000,000 for the first eleven and a half months of the last year, while ordinary receipts aggregated \$3,782,000,000, as against \$5,045,000,000 last year. Public debt receipts for the current fiscal year aggregated \$4,933,000,000, against \$7,278,000,000 a year ago, while public debt expenditures totaled \$5,630,000,000, compared with \$7,706,000,000 last year.

## RAILROAD BUSINESS REVIVAL

CHAIRMAN W. J. TOLLERTON, of the Machinists' Division of the American Railway Association, declares that the railroads of the country are on the eve of a business revival which will tax their present equipment. He said he made this observation after a careful study of industrial conditions and in the face of the coal strike and threats of other labor troubles. He called attention to the increased orders for equipment, "a sure forecast of what the rail chiefs think of the outlook," and to the beginning of the movement of great crops, which represent industrial prosperity.

THE nation's gasoline reserve continues to mount to new heights. The Bureau of Mines makes public figures showing an increase of 38,000,000 gallons over the previous high record mark. Shall we have another boost in the price?

CANDIDATES FOR  
CONGRESS SHORT  
ON FINANCIAL AIDMAY EXPECT VERY LITTLE FROM  
RESPECTIVE NATIONAL CAM-  
PAIGN COMMITTEES

(By United Press)  
Washington, June 27.—Candidates for congress, both republicans and democrats, have been informed that they can expect little if any financial aid in this fall's campaign from their respective national campaign committees, it was learned today.

Both the national congressional committees have passed out the word that the bank is broke, and that the candidates must prepare to paddle their own canoes in the November election as well as in the primaries.

"I have told republican candidates frankly that they cannot depend upon any help from the committee this year," said Representative Fess, Ohio, chairman of the national republican congressional committee.

"We haven't got the money now, and it doesn't look like we are going to have it."

From other sources it was learned that the republican committee has only \$6,000 in its treasury.

The democrats are singing an even worse tune. At the office of Representative A. B. Rouse, Kentucky, chairman of the national democratic congressional committee, it was said today that the organization till is absolutely empty.

SEBERGER PETITION  
WILL BE OUT SOON

A petition through which supporters of P. J. Seberger of St. Cloud hope to have the former St. Cloud mayor entered in the race for congress as an independent candidate will be circu-

lated within ten days, if was intimated today.  
John Knutsen of St. Cloud also will attempt to run as an independent.

MINE WAR SURVIVORS  
RECOVERING, REPORTGUARDS ARE THROWN AROUND  
THE HOSPITAL TO PROTECT  
WOUNDED MEN

(By United Press)  
Herrin, Ill., June 27.—Guards will be thrown around the hospital where there are 12 survivors of the Lester massacre, recovering from their injuries.

Reports that the wounded men are in danger of their lives have been received by authorities. It was learned that an attempt was made Saturday to take one of the men from the hospital. This was prevented by attendants. Physicians believe that members of the mob were afraid that the injured men knew too much.

Herrin business men declared it would be a good plan for the state to send a small detachment of soldiers to escort the wounded men out of the danger zone as soon as they were able to move.

A Memory.

## ANNOUNCEMENT

On Saturday, July 1st, we will open our doors to the buying public with a retail sales department to distribute our products direct to the householder.

In this we are co-operating with the leading merchants of this city in an effort to maintain Brainerd's position as the leading market center of the county.

We will specialize in the sale of **SUNRISE BEST**, a product of our own mills, a flour that is finding increasing favor with the housewife; **PILLSBURY'S BEST** and **GOLD MEDAL** flours, the two most widely advertised and most popular Minneapolis flours on the market.

Being in close touch with actual market conditions, we will offer these flours, as well as all other products, at surprisingly low prices at all times.

We manufacture and distribute cereals, millfeeds, grainfeeds, poultry feeds, etc. Watch this space for daily quotations.

## PAVING STARTED ON SOUTH 6TH ST.

Traffic Diverted From This Street at  
South End and Detour to 13th  
Street

8 1/2 FOOT STRIP ON SIDES OF 6TH

People Driving to Little Falls Going  
to Oak, Thence 13th and West  
at Echo Stock Farm

The paving of South Sixth street,  
a much needed improvement to the  
city, is under way. A crew began on  
the work of excavating for the con-  
crete foundation this morning. The  
completion of the work which con-  
templates the paving of a strip of  
eight and one half feet along either  
side of the street will cost the city  
in the neighborhood of \$75,000.

The contract calls for the comple-  
tion of the work which began, Tues-  
day morning, June 27, on the east  
side of South Sixth street at Willow  
street, by October 1st, 1922.

Traffic will be diverted from this  
street and detour signs are to be  
placed by the highway departmen-  
t, as the street is part of state high-  
way, No. 27.

Coming from the south cars will  
be detoured and sent east to the Echo  
stock farm where they will turn  
north coming into the city on Thir-  
teenth street. R. T. Campbell, city  
engineer, thinks that tourists and  
people from adjacent points who are  
required to take this road will get in-  
to the city quite comfortably from  
the south.

People leaving for Little Falls and  
south of Little Falls are advised to  
take Thirteenth street as far as the  
Echo stock farm, turning west at this  
point until they strike the Little  
Falls road at the end of Sixth street.

## CHAMBER COMMERCE INFORMATION BUREAU

The regular meeting of the Cham-  
ber of Commerce will be held Wed-  
nesday, June 28th. The secretary  
urges that every member endeavor to  
attend this meeting, it being the last  
meeting before the Fiftieth Anniver-  
sary Celebration.

The information bureau on the  
corner of Sixth and Laurel streets  
will be open for business Wednesday  
morning.

### Presbyterian Ladies Aid

## LIBRARY BOARD IMPROVES BUILDING

Interior Decorations Completed, Flag  
Pole to be Set in Grounds, Build-  
ing to be Lettered

TO BE USED AS REST ROOM  
Open for Such Purposes for Ladies  
From 2 to 5 P. M. and 7 to 9 P.  
M., Home Coming Week

Members of the library board met  
Monday evening at the library and  
spent their time in considering what  
ought to be done to make the public  
library presentable and attractive  
during home coming week.

It was decided to re-open the li-  
brary which has been closed for in-  
terior decorations on the first day of  
July and to keep it open on the regu-  
lar schedule.

Committees were appointed to take  
care of the decorations for next week.  
J. A. Wilson, president of the  
board, agreed to see to the securing  
a long flag pole and the placing of  
the same. On this pole a large flag  
will be hung. Mrs. Ben Armstrong  
was appointed on a committee of one  
to work in conjunction with the li-  
brarian to make the necessary ar-  
rangements for the use of the library  
as a ladies rest room during home  
coming week.

Mrs. Clarence Smiley and Rev.  
Fred Errington were appointed on  
the committee to attend to the decor-  
ating of the library for next week.

After the meeting this committee,  
together with the president of the  
board, saw C. C. Bowen who agreed  
to have letters "Public Library" gilt-  
ed and to placing flags and bunting  
to give the building a gala effect.

The library will be open as a ladies  
rest room from 2 to 5 each afternoon  
and from 7 to 9 each evening. If it  
becomes desirable arrangements may  
be made to have it open continuously  
and to have a committee in charge  
during the librarian's supper hour.

### THANKS VOTERS

I wish to thank the voters of Crow  
Wing county who voted for me in the  
recent primary election. I sincerely  
thank each one who so favored me.  
My appreciation is all the greater be-  
cause the attention to my duties pre-  
vented my meeting as many as I  
wished to see. I hope to be able to  
merit your confidence.

EN NUGGET TABLETS will free  
you of Headaches and Constipation.  
H. P. Dunn.

## LUM PARK PREPARES FOR HOME COMING

Make the Park Your Picnic Grounds  
During the Summer and Especial-  
ly for Home Coming

MANY ATTRACTIONS THERE  
Dancing, Boating, Bathing—Grounds  
and Pavilion Illuminated by  
Electricity

Lum park has been dressed up like  
a June bride and breathes a welcome  
to all visitors this summer and es-  
pecially during home coming week.  
The park will be the Mecca for pic-  
nicking parties, tourists and others.

There is bathing, boating, dancing  
and other amusements at the park.  
Refreshments are served. The park  
extends an invitation to picnicking  
parties, tourists, and others to be  
sure and see the park and enjoy its  
many beauties.

### Car Parking in Lum Park

During the week of July 3 to 9 no  
cars will be allowed to park in Lum  
park except on the right side from  
the gate to the northeast end of the  
park. This is necessary to prevent  
accidents and to avoid congestion.  
Parking space has been provided  
across the main road from the park  
and special police will see that this  
is enforced.

Stagnant, decayed matter in the  
stomach and bowels may cause se-  
rious trouble. Constipation under-  
mines your health, decreases your re-  
sistance, impairs your vitality—HOL-  
LISTER'S GOLDEN NUGGET TAB-  
LETS will rid you of Constipation. H.  
P. Dunn.

## Beautiful Silk Shirtings Shirts Made to Your Order

## AMUSEMENTS

## "Too Much Speed"

Automobile race enthusiasts will see some of the high spots of the big speed classic which was held at the famous new Beverly Hills Speedway near Los Angeles, when they see Wallace Reid's Paramount Picture, "Too Much Speed," which will be shown at the Lyceum theatre last time tonight.

One of the big features of this picture is the race in which Wallace Reid in the role of Dusty Rhoades, is supposed to participate, and the big speed match referred to was used as a background for the story. Many of the most thrilling moments of the big race were filmed and will appear among the scenes of the picture.

Dusty Rhoades, a racing driver, gives up the game to wed Virginia, daughter of Pat MacMurrin, Pakro manufacturer. Just before the wedding is to take place, however, Dusty accepts an open road challenge, ditches the machine in which Pat and he are riding and father calls off the match. After an unsuccessful attempt to elope with the girl, Dusty secretly buys Pat's discarded Pakro racing car, enters the race, wins the speed match and a contract from a foreign buyer for Pakro cars, and thus rewins old Pat's consent for his marriage to Virginia.

## Film Star Learns How to Run Locomotive

Fuller Mellish who plays the unique storekeeper in the Corinne Griffith picture, "The Single Track," which will be shown at the New Park theatre last time tonight, has never taken any interest in mechanical things. They seem artificial to him and lack a sense of artistic beauty.

In one of the scenes of "The Single Track," Mr. Mellish is required to drive a locomotive at 35 miles an hour. At first he took little interest in engineering and was on the verge of asking Director Webster Campbell to release him from the role when Corinne Griffith approached him and said:

"Mr. Mellish, I have got to learn to drive a locomotive and I suppose you have got to learn too, as we are both supposed to drive one in the picture. Let's learn together. We can have a lot of sport."

So Mr. Mellish accepted the invitation and soon the two were busy solving the mysteries of the iron horse. A friendly rivalry sprang up between them to see who would be the first who could handle the engine alone. Mr. Mellish was a close second and was soon able to throw in the throttle and send the locomotive along the track at thirty miles an hour.

## Thrills and Laughs in "Reported Missing"

The much talked-of picture, "Reported Missing," comes to the New Park on Wednesday, for a run of two days. This Selznick picture, in which Owen Moore is starred is really one of those super-productions we hear so much about but rarely see. It is full of the type of thrills which have made motion pictures the world's most popular entertainment. One of these scenes, a race between a sea sled and a hydro-aeroplane, is worth the price of admission alone. Following this chase comes one in high powered autos. In this latter race Moore, in the part of Richard Boyd, stages a scene which is the replica of those thrilling events which fill the daily papers on summer Mondays. In endeavoring to steer clear of a child in his path he swings his machine over an embankment.

## "The Gray Dawn"

In "The Gray Dawn," which will be shown at the New Park on Friday and Saturday, there are eighteen prominent screen artists, whose individual talents are utilized to the best advantage in portraying the story charac-

ters. As this Benjamin B. Hampton picture was not distorted to meet the requirements of a "star" player, he has permitted each character and incident in the book to retain its full value, thus resulting in a good picture, and an excellent role for each member of the cast.

## Daily Thought.

It takes a long time to bring excellence to maturity.—Publius Syrus.

CORINNE GRIFFITH  
VITAGRAPH

## Dorothy Dalton in Fine New Yukon Picture

Dorothy Dalton is back again in the role of a daughter of the great Canadian Northwest, a similar character to that in which she made such a success in "The Flame of the Yukon" several years ago. It was in J. Clarkson Miller's story, which will be seen at the Lyceum Theatre on Wednesday and Thursday that Miss Dalton gained her reputation as a screen star.

Miss Dalton plays Colette Brissac, daughter of a French-Canadian miner, who fled to the wilderness to escape arrest for having killed a man. She is left without father and mother in a mining town built up over night and obtains a position in the Aurora love.

Borealis, a saloon and dance hall of the town. She soon becomes one of the biggest drawing cards of the saloon and plays unmercifully with the miners, "trimming" them for all they are worth, but still remaining the most desired of all the girls.

In the dance hall she meets Martin Bates, a young engineer who has come from New York after a series of financial difficulties, and who fast becomes a worthless drunkard. In order to get even with the way she has treated them the miners force her to marry Bates. After the first shock Colette decides to make the best of it and determines to make a man of him. After many incidents of dramatic interest she succeeds not only in regenerating Bates but also in winning his love.

Time to Retire?  
(Buy Fisk)  
TRADE MARK REG. U. S. PAT. OFF.

**BUY the Fisk Cord Tire because it is big, because it has strength and toughness with its unusual resiliency and because its safe deep-cut button tread is long enduring. These are all big mileage qualities.**

**Increased capacity now means quick, complete filling of dealer orders; but the demand for Fisk Cords is growing so tremendously, it is wise to order them a few days in advance of actual need.**

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon

## FLAMES DEVoured 3 WISCONSIN CHILDREN

## LITTLE ONES HUDDLED TOGETHER AND DIED WITH ARMS ENTWINED

Superior, Wis., June 27.—Unable to enter their burning home in which three small children were sleeping, Mr. and Mrs. William Nelson, farmers living at Poplar, near here, watched the flames devour their home and burn their children to death.

The bodies of the little one, Walter, 5; Svea, 3, and Vernon, 16 months, were found with their arms entwined in a corner of the debris, where it is believed they huddled in a closet.

Mr. and Mrs. Nelson were in the barn milking, and were unaware of the fire when John Lake, a neighbor, who saw the flames, notified the parents. By that time all avenues of escape had been cut off. The two men were compelled to use all their strength to hold back the mother who wanted to rush into the burning building in an effort to save the little ones. The origin of the fire is unknown.

## Correcting a Saddle Nose.

For the correction of saddle nose and tip irregularities Lewis makes an incision on the under surface of the tip of the nose parallel with the long axis of the nostrils, converting the nasal tip into a hood. The implant or transplant used to straighten the nose is inserted into this pocket.—New York World.

## Steel Has Great Cutting Power.

"High-speed steel" for cutting tools has been well known for years, and an improved form of this material has been introduced in Sheffield, England. It is reported that this steel has four times the cutting power of any other in use. The composition is, it appears, still a secret, but it is said to be the first "high-speed steel" that can be hardened in cold water without danger. It can also be hardened with oil or in a cold blast.

Tools made of it wear out much less rapidly and require much less grinding than those of the older kinds of steel. They will also go on working at high temperature longer. But the makers themselves say that this steel does not by any means mark the final development of "high-speed steel."—Washington Star.

## JUST LIKE A MAN

"My husband suffered for several years with stomach trouble. He often had colic attacks that put him to bed. But a man can't stand the pains that a woman can. He thought he was going to die and the doctors didn't seem to help him any. Like a drowning man grasping for a straw he tried Mayer's Wonderful Remedy, which a nurse told us about, and now he is entirely well and eats anything." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists. Adv.

—and at night, blankets!

Every night you snuggle under —and how you do sleep in that cool, dry, pine-scented air.

And how "fit" you feel when you wake up! All outdoors to enjoy—magnificent mountains—nearly three miles high; brilliant sunshine; wine-like air; living things of stream, forest and rocky height, beaver, deer, bighorn sheep; wild flowers, Mariposa lily, forget-me-not, phlox, columbine and a thousand others, that spread color from meadow to snow-line.

Choose Colorado for your vacation. Let it make you over. Take all the family.
